

FACTORY DISPLAY | VISUAL COMMUNICATION

SCANLITE | FACTORY DISPLAY

EFFECTIVE COMMUNICATION IN INDUSTRIAL ENVIRONMENTS CAN BE DIFFICULT TO ACHIEVE. TRADITIONAL METHODS SUCH AS NOTICE BOARDS AND PUBLIC ADDRESS SYSTEMS GO SOME WAY TO PROVIDING INFORMATION TO EMPLOYEES, BUT NOTICE BOARDS CAN BE DIFFICULT TO SEE AND PA SYSTEMS OFTEN HAVE TO COMPETE WITH THE NOISE FROM LOUD MACHINERY.

APPLICATIONS

Bright and dynamic, Scanlite's Factory Display provides clear and concise communication within industrial environments. Whether you want to advise assembly personnel of their targets and actual production levels, count and display the number of completed products or display the actual percentage to target a Factory Display would make a significant impact to your production output.

IMPROVE HEALTH AND SAFETY AWARENESS

Keep your employees informed of health and safety procedures at work, current accident rate and lost time due to accidents and ultimately the levels of downtime due to accidents will be reduced. By actively promoting safety at work you will create a heightened awareness of safety precautions and safety policies.

PROGRAMMING OPTIONS

We offer several different methods of programming and each product can be configured to the appropriate controller required. Once we have discussed your requirements, we will be happy to recommend the most suitable programming method for your display.

Scanlite has been providing LED Factory Displays since 1980 and offer a complete service, from initial consultation and design, through to manufacture and installation. We are always available to offer help and advice and our Technical Department will ensure that every display leaving our factory has passed the rigorous quality control of ISO 9001 that Scanlite insist upon and also carries the CE safety guarantee.
